

USA: Love's Travel Stops to open 40 sites in 2020

The announcement follows a banner year in which Love's opened its 500th store and raised a record \$3.75 million for Children's Miracle Network Hospitals during its annual campaign.

Love's Travel Stops & Country Stores plans to open up to 40 sites and add about 3,000 parking spots and 2,500 jobs in 2020.

"We enter 2020 with lots of momentum that we'll continue through customer-experience enhancements, product offerings and the best value on the road," said Love's President Shane Wharton. "We'll open stores from coast to coast, continue to provide products and services that our customers depend upon and enhance our reputation as the company known for Highway Hospitality."

In 2020, Love's will open some 40 Love's Travel Stops, which means the addition of about 40 Love's Truck Care Centers and Speedcos to surpass a total of 400 locations of the U.S.' largest oil change and preventative maintenance network.

"We've listened to our customers to build a business that caters to what customers need beyond fuel, including factoring, maintenance and fresh food options," Wharton said. "We'll continue listening so we can grow that mindset into the future."
