

Gaz'Up launches CNG station in Eastern France

Digoin site comes after Gaz'Up announced the takeover of the Naturgy GNV filling station network in France, and following several new openings in recent weeks.

Gaz'Up, a specialist in multi-energy stations for professionals in France, continues expanding its gas natural vehicles (GNV) filling station network with the opening of a new location in Digoin, Saône-et-Loire département, in the Bourgogne-Franche-Comté region, reports Gaz-Mobilité.fr.

The launching comes after [Gaz'Up announced the takeover of the Naturgy GNV filling station network in France](#), and following several new openings in recent weeks.

Located in the immediate vicinity of the N79, between Moulins and Macon, the new Gaz'Up station in Digoin offers compressed natural gas (CNG) and its renewable version bioCNG. Featuring 3 refuelling lanes, it can supply up to 2 vehicles simultaneously.

Open 24 hours a day, the Digoin station is accessible to both professionals and private individuals via the Gaz'Up badge. A credit card payment terminal will also soon be installed.
