## TSG UK launches new solar solution at Retail's Best

**TSG UK will be the exclusive Renewable Energy Partner at the next instalment of Retail's Best Forecourt & Convenience Partners on 16 May 2024.**

The banner features the Retail's Best logo (a red square with 'rb' and 'retail's best supplier partners' text), the TSG logo (the letters 'TSG' with a red swoosh), and the text 'OFFICIAL 2024 PARTNER' in red and black. On the right, it includes the website 'www.retailsbest.co.uk' and the hashtag '#RetailTogether'. A quote from Michelle Machesney is displayed: "I'm privileged to be representing TSG as the partner for Renewable Energy Solutions on the 10th Anniversary of Retail's Best." To the right of the quote is a circular portrait of Michelle Machesney, a blonde woman smiling. Below the quote, her name and title 'Michelle Machesney EV Commercial Director, TSG' are listed. The bottom of the banner shows a photograph of three workers in high-visibility vests and hard hats standing in front of solar panels.

TSG UK is delighted to announce the launch of its brand new Solar and Storage business line at Retail's Best 2024, in conjunction with its highly successful electric vehicle (EV) charge solutions.

As the UK prepares to move to more renewable energy sources, TSG UK is taking a proactive approach in assisting businesses to transition from traditional fossil fuels to sustainable energy solutions, including electricity and solar/storage systems.

✓ TSG UK supplies and installs the highest grade of solar equipment for each photovoltaic (PV) installation, completing all civil works, infrastructure, cabling, connections and commissioning. For companies wishing to store the excess energy generated by the canopy/roof solar panels, TSG UK can supply and install Pixii energy storage solutions.

- ✓ TSG UK provides turnkey solutions for the electric vehicle (EV) charging market; designing, supplying, installing and maintaining charging infrastructure. UCPC (a TSG company) provides an efficient first-class independent connection provider (ICP) service to clients, by delivering trouble-free connections to the grid.
- ✓ TSG UK delivers scalable charge and EV payment solutions across many industry sectors, including fast charging hubs, forecourts, commercial fleets, workplace charging, and retail or hospitality locations.
- ✓ TSG UK offers comprehensive service and maintenance packages for PV and EV infrastructure, comprising preventive and/or corrective maintenance plans, maintaining uptime and ensuring operational productivity.

## About TSG UK

TSG UK is a leader in multi-energy distribution solutions, supplying equipment and services to forecourts, commercial/private fleet operations and the transport industry across the UK.

TSG UK provides a substantial portfolio of solutions and services to all retail and non-retail energy distribution operators, supporting conventional fuels and new greener alternatives, such as electricity, solar and storage, gas and hydrogen, across its eight business lines: TSG Retail, TSG Charge, TSG Fleet, TSG Gas, TSG Systems, TSG Solar, TSG Wash and TSG Technics.

## About Retail's Best

Described as 'the networking event of the year for roadside retail, food to go and tech for retail', Retail's Best Forecourt & Convenience Partners is a unique event, designed 'by retailers, for retailers'. It brings together the decision makers from a host of the top independent forecourt operators and convenience retailers to network, share ideas and tackle the hot industry topics in a relaxed and non-competitive environment.

If you are a progressive retailer or petrol dealer interested in growing your business and would like to register your interest to attend, [use this registration form](#).
