

Love's Travel Stops surpasses 400 locations

With the latest opening in South Holland, Illinois, the number of Love's Travel Stops & Country Stores has surpassed 400 sites.

Love's travel stops have experienced significant growth during 2016 with the opening of 37 locations and adding more than 2,200 truck-parking spaces across 15 states.

The latest travel stop offers gourmet coffee, fresh fruit, gift items and a Hardee's restaurant. It also features 88 truck-parking spaces, seven showers, a Love's Truck Tire Care facility and other driver services.

Oklahoma City-based Love's is on track to round out 2016 by adding 50 new stores, the most locations opened in a single year in the company's history.

"In addition to adding more stores, we've also looked at other ways we can help our customers. That evaluation has resulted in expanding our tire care services, offering factoring services, a growing hotel business and more. Reaching 400 locations is just one of many more milestones we hope to achieve," said Greg Love, co-CEO of Love's.

Love's is celebrating the 400-mark by giving customers opportunities to win My Love Rewards points, Michelin steer tires and Love's gift cards.
