

Mister Car Wash to have 12 locations in Orlando

Mister Car Wash will have a total of 12 locations in Orlando, Florida as soon as two new express car washes finish construction in the city.

Construction began in two separate locations, one at 660 E. Burleigh Boulevard in Tavares and the other at 852 Lee Road in Orlando.

The two new car washes are expected to open in late spring of 2018 and will offer services including express exterior washes with free vacuums, according to the company.

“Our customers are loyal to Mister Car Wash and we want to repay that loyalty with more locations to serve them. As long as demand continues to grow for our products and services, we plan to meet that demand responsibly through a combination of acquisitions and new builds,” said John Lai, CEO.

Mister Car Wash’s new build trend began earlier this year with ground breakings in Urbandale, Iowa, Taylorsville, Utah, and Bernalillo, New Mexico. Those stores are expected to open in January 2018.
