

USA: Autobell Car Wash opens 78th location

Autobell Car Wash Inc. has added a third wash in a recently established and expanding market for the company in its five-state territory.

The new location, family owned and operated, is Autobell chain's 78th store and its third in the Baltimore-Washington metropolitan area.

Autobell is the nation's fourth largest car wash company, offering an array of customized exterior and interior cleaning options, with most of its personalized wash services completed in 15 minutes or less.

"Customers in the Baltimore-DC area have discovered and embraced our full-service car wash model at our first two locations there," stated Autobell COO Carl Howard, "and we are actively pursuing growth in the region."

The full-service car wash is located in Bel Air, Maryland.
