

Circle K announces first full-service franchise opportunities in Canada

Alimentation Couche-Tard Inc. has announced new full-service franchise opportunities with its Circle K brand in Canada.

The expansion marks the first time the Circle K brand will be franchised in Canada with the offer initially targeting the Ontario province. The chain is one of the world's largest convenience store retailers with over 15,000 stores globally.

Circle K's entrance into the Ontario franchise market begins immediately and aims to foster the growth of the brand in the rapidly developing province. The franchise locations will also complement Couche-Tard's nearly 10,000 stores in North America, including over 2,200 in Canada.

"At Circle K, we are committed to growing our brand globally and look forward to providing business partners in Ontario with the full range of Circle K branded products and service," added Matt McCure, Vice President, Circle K Worldwide Franchise.

The new franchise stores will display the Circle K logo.
