

Growing Mister Car Wash to give over \$1mn to charity in 2018

Mister Car Wash is continuously expanding along with its charity. It expects to give more than one million dollars in 2018, according to the company's Community Relations Specialist, Ciera Lopez.

Mister Car Wash's charity program gives sponsorships, scholarships, donations, and grants. Non-profit organizations that registered for Mister Car Wash's fundraising program in 2017 raised over \$620,725 to support their school, booster club, or athletic team.

"We have a simple formula at Mister Car Wash. We work hard, we have fun, we take care of our people and we support the communities that support us," Lopez said.

In addition, the company offers programs that assist its own employees and their families. In 2017 the company granted \$25,000 in tuition scholarships and donated 2,500 school supply kits.
