

## Bennett Pump appoints new director for alternatives fuels

**Bennett Pump Company is pleased to announce the appointment of Michael Pomerantz to the position of Director, HYD - CNG - LNG Sales. Pomerantz will lead Bennett sales of clean fuel products, including; Hydrogen, Compressed Natural Gas, and Liquefied Natural Gas.**

The new director of alternatives fuels for Bennett Pump Company, Mike Pomerantz, has many years of experience within the alternative fuels industry, working for Weh Technologies and CNG Cylinders International. He will be responsible for managing the sales activity for all Bennett Hydrogen and Natural Gas dispensing products.

“Mike understands the unique products required to support this rapidly growing market segment, and we are excited to have Mike on the Bennett Sales Team”, said James Collier, Senior Vice President.

Bennett is a leading manufacturer of fuel dispensing equipment for the transportation industry.
