

## UK's Top 50 Indies going for 40 with JET fuel supply contract

**Top 50 Indies forecourt operator, Intake Developments, has renewed its more than 35-year supply contract with JET fuel, making the operator one of JET's longest-standing customers.**

Intake Developments has signed a further five-year supply contract with JET, which sets the relationship between the two companies towards 40 years.

"The longevity of this relationship is testament to our continued commitment to excelling at the fundamentals of fuel supply for all our dealers: offering the best value for money, product quality and supply reliability," said Carl Smaller, JET's Retail Account Manager, North East.

JET has been praised by Robert Campbell, Managing Director of Intake Developments, for its professional and friendly approach to business as well as its quality fuels.

"Sales growth of SENTINEL Diesel has surpassed our expectations, a trend we hope to see continue in the changing market. Customer feedback for SENTINEL Diesel has been very positive," said Campbell.

JET is a leading fuel brand marketed by Phillips 66 Ltd in the UK, with a well-established network of more than 330 independently-operated service stations throughout the UK.

Intake Developments, with 10 community-based forecourt locations in Barnsley, Doncaster, Rotherham, Sheffield, and Derbyshire, is currently in the process of purchasing new rollover car washes and a group of new jet washes to offer best-in-class wash facilities.
