IPA - Indonesian Petroleum Association

The **Indonesian Petroleum Industry** (IPA) was founded in 1971 to bring the key players in the upstream oil and gas industries together to promote partnership, and communication within an industry that plays a vital role in Indonesia's national development.

Our Mission is to be the voice of the upstream oil and gas industry in Indonesia and to work collaboratively with all stakeholders to promote the industry for the benefit of government, investors, communities, employees, customers and the environment.

Individuals and companies which are actively engaged in the oil and gas industry, including oil and gas producers, gasoline manufacturers, refiners, carriers, contractors, marketers of oil products, suppliers, service companies and others interested in the oil and gas industry may all become members of the association.
