

CFA - Canadian Fuels Association

We are the voice of the transportation fuels industry.

Canadian Fuels is the official association for Canada's petroleum refining, distribution and marketing sector. We work with [our members](#) to keep Canadians on the move.

Our industry is about more than petroleum refining – it's about Canada's economy, infrastructure and resilience. It's about quality of life, reliable transportation energy and ongoing improvements to environmental performance.

Canadian Fuels provides **issue statements** on current affairs and **policy positions** on key regulatory and legislative areas affecting the industry and Canadians.

Visit our website and subscribe to our Newsletter.
