

ASOSUR Santa Cruz

ASOSUR is a Departmental Association of Owners of Fuel Service Stations.

Mission

To be an institution with a permanent business support system that creates certainty in their members, representing and protecting their interests and being able to confront and meet the challenges posed by the law that regulates this activity, encouraging the promotion, development, protection, defense and improvement in their efforts to achieve service excellence. The mission can be synthesized as: Represent, advise and protect to undertake and serve.

Vision

Ensure that each partner can develop their entrepreneurial venture in the best situations of harmony, agreement and responsibility in their relationships with State and private entities, so they can provide a service to the population in prime conditions. The vision is synthesized as: To be a committed institution with its affiliates in their business ventures.
