

AMPES - Mexican Association of Service Station Suppliers

Asociación Mexicana de Proveedores de Estaciones de Servicio (AMPES) is the organisation of Mexican suppliers of equipment and services for petrol stations, whose aim is to promote the modernization, sustainability and safety of the petrol retailing industry with a clear target on service and a strong ecological consciousness.

Its mission is to serve as a strategic ally of its associates by generating value with other stakeholders, with constant and efficient actions that result in the development of the industry.
