Polish Chamber of Liquid Fuels

The Polish Chamber of Liquid Fuels was established in 1991 by the group of private companies operating in the Polish private fuel sector.

The members of the Chamber are service providers, equipment suppliers, designers etc. Throughout the entire period of its operation, the Polish Chamber of Liquid Fuels has gained the reputation of one of the most important industry organizations in Poland.

The Polish Chamber of Liquid Fuels is:

- the publisher of the monthly "Paliwa Płynne",
- the owner of the www.paliwa.pl portal,
- the organizer of the International Trade Fair PETROL STATION,
- the organizer of various trainings, conferences and debates and meetings.
