## Implico Group

The Implico Group optimizes logistics and business processes for oil and gas downstream companies. The international consulting and software company with its headquarters in Hamburg, Germany, has subsidiaries in Malaysia, Romania and the USA. Founded in 1983, the company today employs around 200 staff.

Implico provides consulting services, data services and software solutions for the entire supply chain – from forecasting, order entry, dispatching and tour optimization to data collation and invoicing. Leading oil and gas companies all over the world trust in Implico's industry expertise and high-performance IT solutions including OpenTAS and iGOS. OpenTAS automates the storage and transportation of hydrocarbons for refineries, tank farms, and service station networks. iGOS (Implico Global Operation Services) offers innovative downstream solutions out of the Cloud.

Additionally, Implico offers unique consulting expertise surrounding the SAP Secondary Distribution Management for Oil & Gas (SAP SDM) and SAP Retail Fuel Network Operations (SAP RFNO) downstream solutions. SAP SDM steers and optimizes the complete order-to-cash process. SAP RFNO automates all payment and quantity flows of service station networks.

Implico is a Microsoft Gold Partner, a Software Development Partner of SAP and a member of the Oracle PartnerNetwork. The company has been recognized for its products and services on numerous occasions. It was named, for example, Oil & Gas Logistics Company of the Year in 2015 and Best Oil & Gas Software Specialists in 2017. In the field of Terminal Automation Systems, Implico is market leader in Europe, Middle East and Africa (ARC market study, July 2016).
