Vivenge

VIVENG — factory from Poland **manufacturing** custom made shopfitting and signage; VIVENG is direct producer and service provider for Petrol and other chains of retail industry. We service our Clients Europewide and deliver Worldwide.

Manufacturing. Our in-house state-of-the-art manufacturing facilities include metal & wood shops, acrylic processing including thermoforming, printshop, lamination, polishing, illumination with usage of different types of LED solutions, powder coating and wet painting capacities as well as assembly both in factory and installation on site, packaging, quality control, large warehousing and logistics which allow us to execute large rollouts at cost-effective prices.

Technical expertise. Vivenge thus acts as a single source of bespoke shopfitting and signage (Retail Visual Identity) provider with highly personalized engineering, project management and customer service for our Clients' unique needs.

Solutions. Vivenge manufactures custom made:

- Retail Visual Identity (signage) of all types such as logos, light boxes, 3D letters, boards, price totems / pylons, directional signs, canopy blends, etc;
- Shoplifting elements — reception desks, set of shelves, freestanding gondolas, display cases, coffee points, back of house, food courts, panel systems etc
- point of sale materials — stands, displays, racks from all kind of materials (steel, stainless steel, aluminum, ACM boards, acrylics, wood and wooden derived materials in all types of finishings) ;

Logistics and Installation. Vivenge owns a transportation hub which allows flexibility in planning logistics for regional, national or European rollouts. Vivenge employs its own team of installers who get briefed in our facilities before each implementation and who always make a difference when it comes to the quality of the final product.
