## Novyc International

**Novyc** has been manufacturing electronic price systems since 1985.

We are pleased to offer full production capabilities and after sales service from all of our 3 divisions, Novyc Canada, Novyc Tunisia & Novyc Australia.

Our extensive product line offers customers LED, Scrolling Film, & Battery Operated price systems that are available in many colors, formats & sizes.

Product quality & durability, competitive prices, and exceptional service are the keys to our International success.

Further International expansion is ongoing with business development underway in 8 different countries.

Please visit our website at [www.novyc.com](http://www.novyc.com) for complete information.
